

# NativeScript

Community Chat 7/15/2020

# Updates

- \* Angular 10 support is in rc, blog post going up
- \* @nativescript/core will have transient dependency on tns-core-modules compat package (similar strategy as rxjs and rxjs-compat)
- \* @nativescript/cli will introduce “nsc” alias to “tns”
- \* Update on status of ui suite plugin components. Email [support@nativescript.org](mailto:support@nativescript.org) if in a bind
- \* Preview of @nativescript/ui-charts
- \* Preview and overview of monorepo for @nativescript

# Updates

\* Angular 10 live stream with Alex and Nathan next week
